Nu-Wave Scaffolds are easily and quickly assembled by one person without any tools

Platform heights adjust in 4 inch increments in just seconds

Solid steel stack pins secure stacked units

NO pins required to secure casters or stack our scaffolds

Ladders are drilled on both sides and Outriggers are interchangeable for easy assembly

29.5” Wide End Frame Access Ladders provide safe access to work platforms

Narrow width allows for rolling through standard commercial doorways without dismantling

Scaffolds may be stacked to a maximum of 18 ft. (THREE SECTIONS) when a set of 4 Outriggers and a Guardrail Kit with Toe Boards are installed

Guardrail Kits and Outriggers sold separately

Nu-Wave Scaffolds Available in Classic and Elite Models

Both Models available in 4 ft., 6 ft. and 8 ft. lengths, and 4 ft. and 6 ft. heights
